The MacKenzie Center is one of the most diverse environmental education centers in Wisconsin. Encompassing 250 acres, the center has a variety of habitat types including prairie, pond, and forestland. The MacKenzie Center is an excellent place to visit and learn more about the natural world through hands-on outdoor experiences, family outings, hiking and picnics.

WHO ARE THE FRIENDS OF MACKENZIE?

It is a group of people just like you, citizens who have the desire to give a part of themselves to a worthwhile cause.

It is a group of volunteers whose purpose is to encourage, perpetuate and promote environmental education in Wisconsin.

Established in 1978, the Friends have had a significant impact on preserving our natural resources by supporting education programs.

The Friends of MacKenzie is a tax-exempt, non-profit organization. Memorials, gifts, bequests and other donations greatly help us fulfill our mission.

BECOME A VOLUNTEER

It is fun, educational, hard work at times, but the rewards are great. By becoming an active participant, you can make a difference in your community.

WHERE YOU COME IN!

- Lead maple program tours
- Help restore native prairies
- Conduct education activities
- Maintain trails and exhibits
- Control invasive plants
- Conduct outdoor skills workshops
- Participate in special events
- Sell gift shop items
- Assist in fundraising

VOLUNTEER TRAINING

Every individual has their own niche with skills that can be put to use immediately.

Teachers, carpenters, homemakers, Jacks or Jills of all trades: whatever your background, we can offer you a variety of new experiences. New volunteers receive training in a variety of ways. It may be in a group, one-on-one or an on-the-job learning experience. You will never be asked to do something without being comfortable and ready! If you have never volunteered before, this is a great opportunity to give it a try. Many new friendships develop and wonderful memories are guaranteed. Here's your opportunity to learn a new skill or increase your personal knowledge.

MAPLE SYRUP EDUCATION PROGRAM

The Friends proudly sponsor this spring-time program that is attended by over 1,700 students annually. Volunteer guides give tours, collect and boil the sap, and do historic interpretations.

Touted as the **best** program of its kind, students and adults enjoy hands-on education and will likely never forget this experience.

The Wallen Sugar House and syrup finishing house were constructed with matching stewardship grants, funds raised by the Friends, and plenty of "sweat equity."

FRIENDS HELP IN SO MANY WAYS...

- Lead the effort to repair the buildings in the wildlife area and refurbished the log cabin museum
- Offer scholarships to schools to help offset the rising costs associated with field trips to the center, such as transportation, food, etc.
- College Scholarships
- Volunteer thousands of hours each year with a multitude of tasks; woodcutting, maple program, volunteer teaching, and more!

The Friends of MacKenzie Center is a non-profit, membership supported organization. We depend on support from people like you who value environmental education and Wisconsin's outdoor resources.
